## Gouldsboro Shellfish Meeting Minutes for June 11, 2026

Committee Members Present: Boog, David and Wayne

1. Meeting was called to Order by Boog at 1812 hours
2. Approval of Meeting Minutes from May 13, 2026-Motion to accept as written by Wayne, 2<sup>nd</sup> by David—motion passed unanimously
3. No Adjustments to the Agenda
4. No update from Pauline as she wasn't present
5. No update from Bill as he wasn't present
6. No update from Heidi as she wasn't present
7. Mike told everyone in attendance how much meeting and conservation time they have currently
8. Conservation tentative Tuesday June 16<sup>th</sup> at 6 am
9. Mike told us that it was important to be on time for meetings and other activities, it wasn't fair the other folks to wait for those late to start. Mike told us that we need to keep our voices down when are doing a project on the shore because sounds really carries. People don't like hearing F Bombs flying around like black flies.
10. Mike told us that Schoodic Institute is doing a siphon hole project off Alexander Drive and at John Small. They are comparing the number of siphon holes from the cobble out onto the flats the length of 1 ½ football fields.
11. Mike told us that he attended a green crab poster presentation at Schoodic Institute done by the 7<sup>th</sup> grade from SMHS. The posters were well done with a lot of useful information.
12. Mike told us about a green crab summit in Portland on June 24<sup>th</sup>, there will be panel discussions, recipes with green crabs from several chefs.
13. Mike told us that has reached out to Eric from Water Quality with DMR about getting more of Birch Harbor open for clamming. He could possibly move the closure line and open it so it to match our conservation closure. We might be allowed to harvest

clams from the area and move them into our conservation area. I am hoping for the 1<sup>st</sup> option.

14. Mike told us the changes to the Shellfish Ordinance passed with no questions. Bill made note that the Harbor Ordinance passed as well.

15. Bill updated us that we have secured a location for the shellfish lab and that the equipment will be moved very soon.

16. Next Scheduled Meeting September 9, 2026

17. Motion to Adjourn was made at 1847 hours by Wayne, 2<sup>nd</sup> David- Motion passed unanimously
